Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the Will <player> beat <opponent> in <tennis match>? Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the Will <player> beat <opponent> in <tennis match>? contract (Contract). The Contract will initially be listed after close-of-business on **June 4, 2026**; it is listed as the day after because of limitations of the Commission's online submission portal. The Exchange intends to list the contract on a custom basis. The Contract's terms and conditions (Appendix A) includes the following strike conditions:

- **<player>**
- **<opponent>**
- **<tennis match>**

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract's Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile
Head of Markets
KalshiEX LLC

KalshiEX LLC
Official Product Name: Will <player> beat <opponent> in <tennis match>?
Rulebook: TENNISMATCHWINNER
Summary: Outcome of specific tennis singles match
Kalshi Contract Category: Sports
Kalshi Internal Category: Sports
June 3, 2026

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The Will <player> beat <opponent> in <tennis match>? Contract is a contract relating to Sports.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices C, D, and E.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is $0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least $0.01 and at most $0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of $0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.16 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.13 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange's Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE 40.2, 17 C.F.R. § 40.2

Based on the above analysis, the Exchange certifies that:

- ❏ The Contract complies with the Act and Commission regulations thereunder.
- ❏ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at https://kalshi.com/regulatory/filings.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

Appendix C (Confidential) - Further Considerations
Appendix D (Confidential) - Source Agency
Appendix E (Confidential) - Compliance with Core Principles

APPENDIX A – CONTRACT TERMS AND CONDITIONS

Official Product Name: Will <player> beat <opponent> in <tennis match>?
Rulebook: TENNISMATCHWINNER

TENNISMATCHWINNER

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the officially reported result of <tennis match>, namely the competitor recorded by the Source Agency as the winner of <tennis match>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are, in hierarchical order, the governing body sanctioning <tennis match> (the Association of Tennis Professionals (ATP), the Women's Tennis Association (WTA), or the International Tennis Federation (ITF), as applicable) together with its official statistics or data provider, the official tournament authority hosting <tennis match> (Tennis Australia, the Fédération Française de Tennis (FFT), the All England Lawn Tennis Club (AELTC), the United States Tennis Association (USTA), or the official sanctioned tour or tournament operator, as applicable), the Associated Press, and Reuters.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<player>: <player> refers to the tennis competitor whose victory in <tennis match> is the subject of the Contract, officially entered in <tennis match> as recognized by the governing body of the event (e.g., ATP, WTA, ITF, or the organizing tournament authority). A <player> may be an individual athlete (in singles), a doubles pair entered together as a team (in doubles), or a national, regional, or representative team competing in a team competition (e.g., a country competing in the Davis Cup or the Billie Jean King Cup). Identity persists through changes of name, nationality, ranking, or seeding, and (for doubles pairs or teams) through changes of name, membership, or representation, where the Source Agency continues to recognize the competitor or unit as the same participant in <tennis match>. Where two competitors share the same surname, the full name as listed in the official entry list governs.

<opponent>: <opponent> refers to the competitor opposing <player> in <tennis match>, defined consistently with <player>. <opponent> may be a specifically named competitor or doubles pair, or a non-specific designation referring to whichever competitor <player> faces in <tennis match> (e.g., "any opponent," "the opponent in <tennis match>," or an opponent identified by ranking, seeding, or stage). Where <opponent> is specified by name (or as a specific pairing) and the competitor actually opposing <player> in the contest differs from the specified <opponent>, the specified <tennis match> is treated as not having occurred (see Additional clarification(s) below).

<tennis match>: <tennis match> refers to the officially scheduled contest between two players (singles) or two teams (doubles) as recognized by the governing body of the tournament. <tennis

match> may be defined by the names of the players involved, by the stage of the tournament, as any tennis match within a set of tennis matches (including within or representative of the whole tournament), or by distinguishing characteristics. <tennis match> may also take the forms “Any” or “None.”

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values in which <player> beat <opponent> in <tennis match>.

<player> is considered to have “beat” <opponent> in <tennis match> if, and only if, the official governing body of <tennis match> records <player> as the winner of <tennis match> in the official match result, as published by the highest-priority available Source Agency. This includes any case in which <player> is recorded as the winner by reason of <opponent>’s retirement, default, or disqualification occurring after at least one point of <tennis match> has been played. Conversely, where the official match result records <opponent> (or any competitor other than <player>) as the winner of <tennis match>—including where <player> is recorded as having retired, defaulted, or been disqualified after at least one point has been played—the Contract resolves “No.”

Where the official match result of a higher-priority Source Agency conflicts with that of a lower-priority Source Agency, the higher-priority Source Agency’s record governs. A tennis match results in exactly one recorded winner; accordingly, no tie provision applies.

Additional clarification(s):

- If <tennis match> is cancelled prior to the first point being played, or either <player> or <opponent> withdraws prior to the first point of <tennis match> (a walkover, in which no point is played), the Contract resolves to the last fair price as determined in the sole discretion of the Exchange.
- Where <opponent> is specified by name (or as a specific pairing) and the competitor actually opposing <player> in the contest differs from the specified <opponent>, the specified <tennis match> is treated as not having occurred: the Contract resolves to the last fair price as determined in the sole discretion of the Exchange, and a new market may be created for the newly defined <tennis match>.
- If <tennis match> begins (at least one point is played) and ends by retirement, default, or disqualification, the competitor recorded by the official governing body as the winner of <tennis match> governs resolution, and the Contract is settled on that recorded result.
- If <tennis match> is delayed but is scheduled to occur within the same containing tournament, the market will remain open. A change of venue, playing surface, or court conditions, or a change to the match format (for example, a change in the number of sets), does not affect resolution so long as an official winner of <tennis match> is recorded and the containing tournament of <tennis match> remains.

- If <tennis match> is delayed and is not scheduled to occur within the same containing tournament, the Contract resolves to the last fair price as determined in the sole discretion of the Exchange, and a new market may be created for the newly scheduled <tennis match>.
- If either competitor is disqualified after the conclusion of <tennis match> and prior to Expiration, the recorded result of <tennis match> will not be adjusted.
- If the official match result is delayed or unavailable, the Exchange may wait up to 24 hours after the Expiration time for the result to become available, after which it may resolve the Contract pursuant to Rule 7.1 of the Rulebook.
- If a Source Agency publishes a result that it subsequently retracts, corrects, or confirms was the result of a compromised, hacked, or erroneous source, the Exchange will rely on the final corrected result published by the Source Agency prior to the Expiration time.
- All times are determined in Eastern Time (ET). Reporting concerning <tennis match> is considered through the Expiration time on the Expiration Date and no later.

Examples that would resolve the market to Yes:

- "Will <player = Player A> beat <opponent = Player B> in <tennis match = the 2026 Wimbledon men's singles final>?" — the official result records Player A as the winner, 6–4, 3–6, 7–6, 6–2.
- "Will <player = Player C> beat <opponent = any opponent> in <tennis match = her 2026 Australian Open second-round match>?" — Player C is recorded as the winner of that match.
- "Will <player = Player D> beat <opponent = Player E> in <tennis match = a specified match>?" — Player E retires while trailing 6–3, 2–1; the official result records Player D as the winner by retirement.
- "Will <player = Player F> beat <opponent = Player G> in <tennis match = a specified match>?" — Player G is defaulted by the chair umpire for a code violation during the second set; the official result records Player F as the winner.

Examples that would NOT resolve the market to Yes:

- "Will <player = Player A> beat <opponent = Player B> in <tennis match = the 2026 Wimbledon men's singles final>?" — the official result records Player B as the winner.
- "Will <player = Player D> beat <opponent = Player E> in <tennis match = a specified match>?" — Player D retires while leading 6–3, 2–1; the official result records Player E as the winner by retirement.
- "Will <player = Player H> beat <opponent = Player I> in <tennis match = a specified match>?" — Player H is disqualified during the match; the official result records Player I as the winner.

- "Will <player = Player J> beat <opponent = Player K> in <tennis match = a specified match>?" — Player K wins the contest, but is disqualified for an anti-doping violation announced three months after the conclusion of the match; the recorded result of the match is not adjusted, but this example concerns a separate iteration in which the recorded winner at the conclusion of the match was Player K.

If a natural person who is the primary subject of a Contract's Underlying or Payout Criterion dies prior to Expiration, Kalshi may, in its sole discretion, settle the Contract at the last traded price prior to the death. If Kalshi determines that trading activity was materially affected by the circumstances giving rise to the death, Kalshi may instead use the last traded price prior to such circumstances becoming known or reasonably anticipated by market participants. For purposes of this Rule, Kalshi may rely on an approximate time where the precise time is unknown or cannot be reasonably determined. If Kalshi determines that no last traded price represents a fair settlement, the Outcome Review Committee shall determine the fair settlement price. Kalshi may halt or pause trading in any such Contract (with public notice on Kalshi's website or the Platform) if it reasonably believes that the death of such person has occurred, is imminent, or that circumstances giving rise to the death may be occurring. Determinations of Kalshi and the Outcome Review Committee under this Rule are final and not subject to review.

Minimum Tick: The Minimum Tick size for the Contract shall be $0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be $25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the same as the Expiration Date. The Last Trading Time will be the same as the Expiration time.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one week after the latest scheduled date of <tennis match>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is $1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 7.1 of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 7.1 in the Rulebook.

APPENDIX B – TRADING PROHIBITIONS

In addition to the general prohibition against trading on material nonpublic information, the Exchange will institute additional prohibitions for trading the contract. Persons under 18 years of age are not permitted to create Kalshi accounts. The following individuals will be prohibited from trading:

- Current and former players, and the coaches, trainers, physiotherapists, medical staff, hitting partners, agents, managers, and other support-team members of <player> and <opponent> (and, where <opponent> is a non-specific designation, of every competitor eligible to oppose <player> in <tennis match>).
- Chair umpires, line umpires, review officials, referees, supervisors, and other on-court or tournament officials of the tournament containing <tennis match>.
- Employees, officers, contractors, and statisticians of the governing body sanctioning <tennis match> (ATP, WTA, or ITF), of the official tournament authority, and of the official statistics or data provider responsible for compiling, scoring, or first publishing the Underlying.
- Any person with access to material nonpublic information regarding the fitness, injury, withdrawal, or scheduling of <player> or <opponent> relevant to <tennis match>.
- Ultimate beneficial owners and operators of the tournament containing <tennis match>; and
- Household members and immediate family of all of the above.
